Miles Glynn

I am a fine art photographer based in Bozeman, Montana. My distinctive work has resonated with home and business owners across our region who have sought to accentuate their space with a bit of the rugged and rural West. I'm excited by the prospect of working with you to provide exceptional artworks for your clients' dwelling or commercial space.

The following pages outline some of the benefits of pairing my work with yours. My hope is that my photographs and range of offerings can serve as excellent compliments to your service and can help you to execute on the inspired work that you do as a designer.

CANVAS

classic. versatile. cost effective.

CLASSIC AND CLEAN LOOK. Art on canvas has a timeless look & my photographs are no exception. I use the highest quality archival inks and museum-grade cotton canvas for excellent color rendition and image permanence.

VERSATILE. Canvas wraps offer a variety of design options such as: custom size, image wrapped or a solid color on the sides, can be displayed un-framed for a clean contemporary look, or framed for a classic and bold impression. These can easily be made into diptychs or triptychs.

COST EFFECTIVE. My prints on canvas can be a cost effective option compared to buying original paintings, yet still offer the specialness of a hand-signed and numbered limited edition piece. As a designer you automatically receive 15% OFF my canvas retail price. Most of my canvas prints are limited editions of 500 and range in price from \$200-\$1,000.

TEXTILE

truly distinctive – truly limited.

SINGLE EDITION PRINT. That's right, printed one time and one time only. The piece your client owns will be the only one in existence.

DISTINCTIVE. Prints are made on highly unique and exquisite textiles such as Belgian Linen, Silk Satin, and Cotton Twill. Textile prints always include a custom frame which you can provide yourself or we can work hand in hand with a framer to select the frame of your choice. These one of a kind prints give a luxurious look and offer an attractive distinction to more commonly used photographic materials.

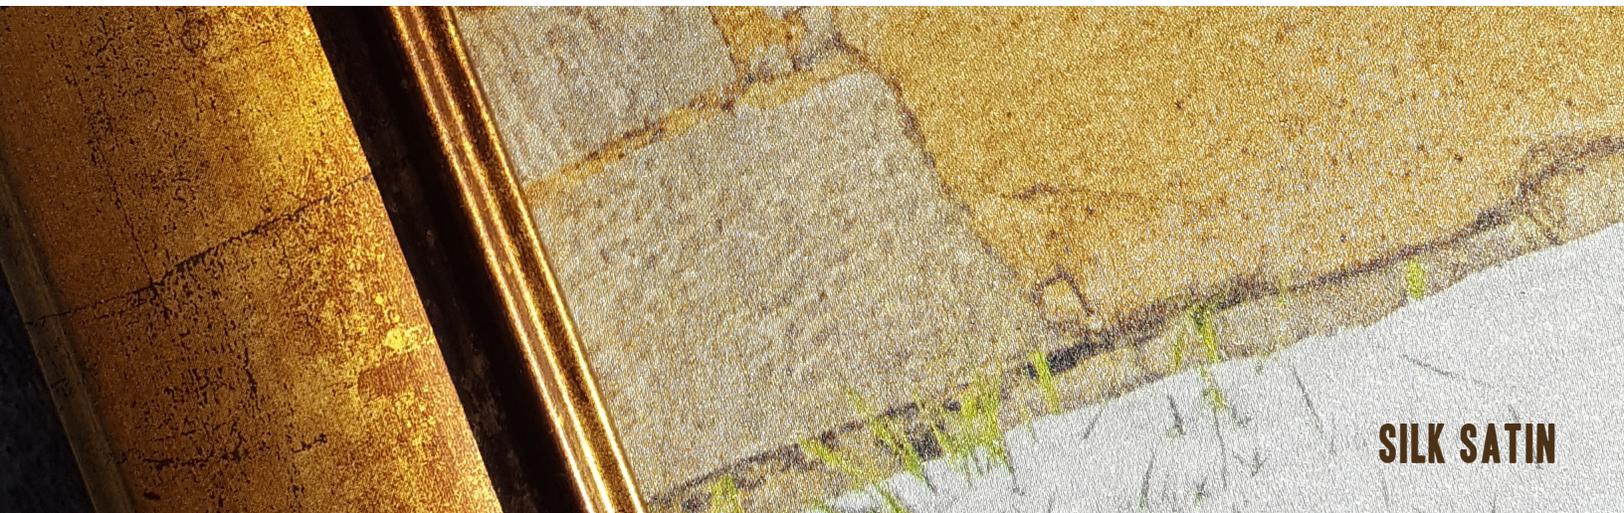

SPECIAL. With the exclusivity of a single edition, 1 of 1 print and the luxury of such unique materials, my prints on textile offer a high end option for the client looking for that special statement piece. Textile pieces range in price depending on size and framing, but generally start at \$1,500. Each of these are completely custom so pricing is available upon request.
